

# Consigli per l'uso degli **INKA**-Pallets!

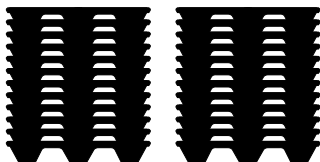

## Important advice for handling **INKA** presswood pallets!

**posizionamento della forcella**  
max. 560 mm

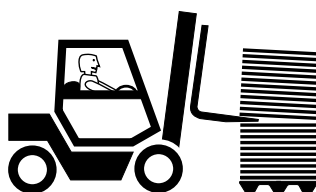

**set fork width**  
max. 560 mm

**stoccaggio all'asciutto**  
o ordinare il casco-PE

**keep dry before using!**  
for outdoor storing use PE cover

**separare la pila**  
con la forcella con cautela verso  
il basso –  
accedere con cautela

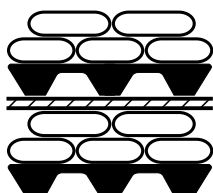

**to separate a stack**  
Tip forks down slightly and  
enter carefully

**non spingere!**  
**non tirare!**  
Evitare di trascinare

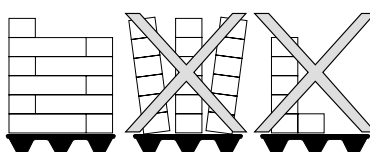

**Don't push!**  
**Avoid sliding!**  
lift load completely

**pila a blocchi**  
quando si tratta di superfici  
morbide (sacchi) posizionare trucioli  
o cartone ondulato fra questi

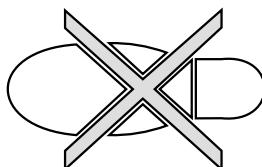

**block-stacking**  
on soft surface use dividers  
(cardboard or plywood)

**caricare e scaricare**  
sempre in modo uniforme (a  
strati) per non compromettere  
l'equilibrio e la stabilità  
pile aderenti impediscono il  
carico di centro e di striscia

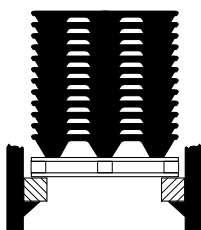

**loading and unloading**  
always load and unload in a  
systematic manner, one layer at  
a time, to maintain the loads  
balance and stability

**impedire il carico di centro**

**avoid spot loads  
and spot pressure**

**stoccaggio ad alta  
posizionamento**  
solo con l'aiuto di palettes  
idonei depositare su traverse

**beam rack**  
support the span by some means  
(for example: inhouse pallet)
